

Specialty Photo Scanning

(photos placed on a flatbed scanner)

Number of Photos/Pages	1 to 1000 photos/pages	1001 + photos/pages
Price per photo (600 DPI)	\$1.35	\$1.10

Sales tax is applicable to all scanning projects

PHOTO SCANNING INCLUDES:

-  Flash drive with all your scans
-  600 dpi, the best resolution for enlarging original photos
-  Photos will be rotated to the proper orientation (to the best of our ability)
-  Photos can be divided into digital folders upon request
-  We will store your digital images for a minimum of six months

-  Prints must be loose. The photos must be removed from albums, books and frames*
-  Album pages smaller than 11x11 inches on WHITE background are included
-  Print size up to 12x18 inches**
-  Prints will be scanned in the order received
-  Remove staples, tape, glue, paper clips, etc. from photos
-  Prints with copyright markings cannot be scanned without copyright release from studio
-  Prints can be in any condition
-  Prints can be any shape (please note that the scanner can only crop to straight sides and will not crop into circles, etc.)

**Photos or pages can be removed from albums and frames but will be charged an hourly rate of \$75 per hour for this service.*

***Items larger than 12x18 inches will be charged an hourly rate of \$75 per hour because they must be scanned in segments and "stitched" together.*

Minimum scanning fee is \$65, but it can be a combination of Standard and Specialty Scans

Prices as of February 1, 2020 and subject to change without notice
