

Standard Photo Scanning

(photos feed through a high-speed scanner)

Number of Photos	Up to 120 photos	121 to 1000 photos	1001 + photos
Price per photo (600 DPI)	n/a	\$0.55	\$0.39
Total Cost	\$65.00		

PHOTO SCANNING INCLUDES:

- Flash drive with all your scans
- 600 dpi, the best resolution for enlarging original photos
- Photos will be rotated to the proper orientation (to the best of our ability)
- Photos can be divided into digital folders upon request
- All photos will be 2-sided scans (unless they have nothing written on them)
- We will store your digital images for a minimum of six months

- Prints must be loose. The photos must be removed from albums, books and frames*
- Print size must be between 2x3 inches (wallet) to 8x10 for high speed scanning
- Prints will be scanned in the order received
- Remove staples, tape, glue, paper clips, etc. from photos
- Prints with copyright markings cannot be scanned without copyright release from studio
- Prints need to be in good condition. No tears, holes, damage, etc.**
- Prints need to be square or rectangle, no other shapes or scalloped edges**

*Photos or pages can be removed from albums and frames but will be charged an hourly

**Prints that have damage, odd shapes or edges, smaller than 2x3 or larger than 8x10 can be scanned but there is an additional cost because they go onto the flatbed scanner.

See Specialty Photo Scanning

Minimum scanning fee is \$65, but it can be a combination of Standard and Specialty Scans

Prices as of February 1, 2020 and subject to change without notice
